THE  
**EXPERIENCE**  
ALBUM PRESS RELEASE

Under Embargo  
00:00 Friday 23rd July 2021  
Accra, Ghana

On **Friday 23rd July**, multi-award winning Ghanaian Gospel Artist, Worship Leader, Songwriter and Producer, **Joe Mettle** will release his new album **The Experience**, a homely and reflective compilation featuring his Love Gift Band.

The **13 track masterpiece** consists of songs composed in the English, Twi and Ga dialects, and features melodic contributions from artists spanning the globe.

Following the June 2021 release of his debut single **'Ye Obua Mi / Help Me'** which racked up a whopping 100,000 YouTube views within its first week following release, **The Experience** comes in time to commemorate ten years since Mettle's first album was birthed, and does well to showcase the unique and skillful abilities of his committed backing vocalists, The Love Gift as well as celebrated Gospel artists from around the world.

The album includes popular tracks such as **'Yesu Mo;'** recognised as the feature song showcased in Joe's much anticipated wedding video which dropped last year, as well as collaborations with newly awarded VGMA Male Vocalist of the Year, MOG Music (Track 9 - They that wait), Glass Awards Founder and American Gospel Artist Michael Stuckey (Tracks 6 & 7 Peace), fellow Ghanaian and vocal powerhouse Isaiah Fosu-Kwakye Junior (Track 3 - Your Presence), from Nigeria, the eagle, worshipper and Revivalist Dunsin Oyekan was featured on (Track 10 -Halleluyah) Starr FM Radio Pastor and Worship Leader, Eric Jeshrun (Track 8 - How Excellent).

The album, which takes listeners on a musical journey of provision, proclamation, positioning and praise, comes following a truly significant season of increased help, preservation and grace; for Joe, his Love Gift Band and every soul that will receive this timely masterpiece - particularly following the globally unprecedented events of the year 2020.

Each song promises to deliver a reflective, prophetic and encouraging experience upon listening, all while placing the message of Christ directly inside the hearts and homes of any and every listener.

Mettle's fresh and season-specific sound is released with the accompaniment of a rich video series that reiterates the very power of worshipping God simplistically, from within your home.

The album will be available for download and streaming on all digital platforms and media outlets from **Friday 23rd July**.
